WAWYLO JUGGLER'S TYPE 34th x -- A smooth, red bull with good bone and correctness of lines. His sire, Juggler's Type x, is the well known 100% de-horner that has made such a fine record in the Dilatush herd in Tenn. They consider his dam, a granddaughter of the great Calrossie Mercury, one of their best cows. Since purchasing this bull in the Polled Shorthorn Congress, we have bought two other sires. We feel this bull is entitled to more than the limited service he would get in our herd under these circumstances.

A full brother sold to Alcove Farms, Victoria, Illinois, in the sale at Congerville. A WORD ABOUT THE BULLS IN THIS SALE

A great deal of time and expense is involved in the task of buying a bull at private treaty. The 23 bulls described in this catalog have been selected with care and have been held for this sale. All are by well known sires and the breeding can be highly recommended. Fully aware that farmers and breeders are eager at this season to buy bulls ready for immediate service, we have included twenty bulls in this sale that are over 15 months of age. We hope you will come early to watch the judging of the bulls. It's a lot easier to buy the bull best suited to your needs when the selection is large and there is an opportunity for comparison.

WANT PROFITABLE FEMALES?
HERE IS YOUR OPPORTUNITY!

In the long history of the Illinois Polled Shorthorn Breeders' Association, a finer offering of females never has been assembled. Study the pedigrees in this catalog. Note the rich breeding. Note also that the female offering is nicely balanced between heifers well forward in calf, to noted sires and open heifers that are ready to mate to your own great herd bull. If some enterprising cattlemen had the nerve to buy the ten top heifers and the champion bull of this sale, in five years time he could have one of the top herds of the breed.

TYPICAL OF THE KIND PRODUCED IN ILLINOIS

These choice heifers were bred in the herd of Setterdahl Bros., Rio, Illinois, consignors to this sale.

Standard Guarantee

endorsed by the
AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for calves at side or unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
